BUSH CONTEMPT CASE.

The Defendant Found Gollis and Flace \$109 with Coats.

The matter of John E. Bush, contempt, came up in the Supreme Cout this morning before the Chief Justice. Bush is charged with publishing certain articles in Ka Oiaio and Ka Leo o ka Lahui calculated to bring the Court into ridicule, etc.

Bush filed an answer that at the time he was not editor and publisher of the Ka Leo o ka Lahui and therefore not responsible. He was pubisher of the Ka Oiaio and the articles contained therein would not bring him into contempt.

Attorney-General Ashford said the series of articles which appeared in the papers on the prosecutions, tended to prejudice the public and obstruct the administration of justice and bring the Court into ridi cule and bad odor. Bush's denial of responsibility would have to be proved and he would call witnesses.

S. K. Kane sworn, stated-I know Bush. At present time he publishes the Ka Oiaio at his house, Printers' lane. I know the Ka Leo o ka Lahui. Have had conversation with Bush about his newspaper enterprises. Ka Oiaio was the first published. It is a weekly. Bush in conversation said it would be better to have a daily paper.

Cross-examined-The Ka Leo o ka Lahui says that Mikasobe and Kanoa are the publishers. By the Court -The articles in the

weekly read different from the daily. W. C. Achi sworn, stated -1 know Bush, he is publisher of the Ka Oiaio, and another paper Ka Leo o ka Lahul comes from his office. 1 asked Bush why he put Mikasobe and Kanoa in as editors, as people did not trust them. He told me he out them while the trouble with the conspiracy cases lasted, when they were over he would put in his own name. He said some time after he was making money on the ka Lahui. I have charged Bush with libel, the article first appeared in the Lahui, then after in the Ka Oisio.

Several copies of Ka Oiaio and Lahui were offered as evidence and the Attorney-General rested his

For the defendant the following witnesses were called:

S. P. Kanoa sworn, stated-I have a small interest in the Ka Leo o ka Lahui, Mikasobe is the editor, I am his assistant. We are responsible for the articles. Bush has nothing to do with the management. Bush is editor and manager of the Ka Oiaio. Both papers are issued from Bush's residence. I handle the cash. Articles for the Leo o ka Lahui are not submitted to Bush. Frank Metcalfe took my place on the paper last week.

Cross-examined-I was assistant editor and wrote some articles. John Sheldon wrote those two articles (pointed out in the paper). I had a weekly salary, paid myself as I had the money. Kept the balance for the next week. Made a settlement to the proprietors. Bush i one of them. Sometimes dividends were paid. The stockholders in the Ka Leo o ka Lahui are Bush, Kanoa, John Sheldon and Metcalfe. understood there were four shares and I owned one. I put in \$50. The press and apparatus belong to Bush. The articles in one paper were transferred to the other. That was because we were short of type. The two papers have been consider ed one thing as far as the issuing is concerned. The same men set up the type for the two papers. I pay

all the men. John E. Bush sworn, stated-I deny the statement of W. C. Achi that Mikasobe and Kanoa's names were to appear during the insurrection trials and mine after. I have an interest in the Ka Leo o ka Lahui. Mikasobe and Kanoa are the responsible publishers. I am responsible for the Ka Oiaio. I have no control of articles published in the Lahui nor are they submitted to me. Why articles appear in the Lahui from the Oiaio is because we get short of matter. Kanoa handles the cash for Lahui. They pay me for publishing it when they can. Had money from him on account, had no settlement. My interest in the Lahui is held for my children. I used some of their money. Mikasobe and Kanoa have asked me for advice and I told them to be careful. I got the inspiration in writing the article "Ninau Pili Aupuni" from a communication in the BULLETIN. The reports of the trial I took from the BULLE-

Cross-examined-I am responsible for everything written in the Ka Oiaio (a copy of Ka Oiaio of August 9th was here shown the witness, with a local stating that "our daily will be published in the morning." I suppose it meant the Lahui. The paper is not published on Saturday for I observe that day as Sab-

Mr. Rosa said that Bush had no responsibility in the Lahui, and no control over the articles issued. Those in the Oiaio he was responsible for, but there was nothing in them to bring the Court in contempt. The articles that appeared in both papers were there without Bush's knowledge and authority. In view of all the circumstances Bush should

be discharged. The Attorney-General said that Bush's own testimony stamped him as the responsible party for the artieles in the Lahnias well as for the existence of the paper. One thing was strange, the similarity of the articles 17:30,

and the identity of type in both papers. An exhaustive argument

would be unnecessary.

His Honor the Chief Justice said he regretted the case had taken so long and trangressed on the business of the Court, but he could not say it was less important. As far as the responsibility of Bush was concerned it had been proved to his entire satisfaction that he was responsible. It rather made matters look worse to put forward such insigniticant men as Mikasobe and Kanoa, One article commented on a pending trial and that gave the Court jurisdiction, the language in that article is that nine-tenths of the populace sympathize and have the idea that Wilcox was to sacrifice his life or his liberty, not necessarily his life for his love of country and that they are Christians, but those who take other view, the other one-tenth are. murdering anti-Christs. It was written to prejudice the Hawalians. The Court invites fair criticism on all sides. He would not allude to he special hostility to himself in the paper. This case deserved notice from the Court, and he thought Bush expected it. The only thing was as to the punishment. Mi chief had been done and the Attorney-General was quite right in bringing the articles to the notice of the Court. There was no appeal and that was why he desired to take a

merciful view. The sentence of the

Court would be a fine of \$100 and

to pay the costs of these proceed

ings. The papers would be watched

and if any articles were repeated,

whoever was responsible would be

sentenced to a term of imprison-

A SIMPLE PROMISE TO PAY.

[From the NEW YORK TIMES, June 22, 1889.]

The Equitable Life Assurance Society has adopted a new form of policy which, like a bank draft, is a simple promise to pay without condi-

[From the CHICAGO INVESTIGATOR.]

Always on the alert, and ever anxious to give the public the most advantageous contract in life insurance, the Equitable Life Assurance Society of New York has, in the past, made many advances on old methods and has been the means to liberalize life assurance in a greater degree perhaps, than any other organization. It is not at all surprising, therefore, that this great company now comes before the people with a new contract, the like of which has not before been known in life insurance.

[From the KENTUCKY REGISTER, Richmond, Ky., June 28, 1889.]

The Equitable Life Assurance Society has, in the past, done more to reate and maintain confidence in life assurance than any other company. Consequently its business is larger than that of any of its competitors. Furthermore, it has now taken a step which practically sweeps every objection of the character referred to out of the way. The result, undoubtedly, will be that thousands of men who have heretofore lacked confidence in life assurance, will examine the new policy offered by the Equitable, and assure their lives forthwith.

[From the Boston Post.]

This company has done more than any other to simplify the assurance outract, and to maintain public confidence in life assurance.

[From the Pacific Underwritter, San Francisco, July 1, 1889.]

The Equitable has already established a world-wide reputation for liberal dealings with its policy-holders and for its prompt settlement of all legitimate claims against it, and this new policy cannot fail to enhance its reputation for enterprise and progressiveness in dealing with the subject of life assurance.
